

**The 16th International Workshop on Artificial Intelligence and Cyber Security
(AICS2023)**

22 November 2023

Guiyang Ting, Empark Grand Hotel Changsha, China

Time	Programme	Session Chair
8:30 – 9:15	Keynote 1: Title: How Can Brain Science Help Creating and Harnessing Autonomous AI? <i>Prof. Kenji Doya</i> <i>Okinawa Institute of Science and Technology (OIST), Japan</i>	Paul Pang and Kaizhu Huang
9:15 – 10:00	Keynote 2: Title: Evaluation and Enhancement of Deep Learning Model Trust <i>Prof. Shigeng Zhang</i> <i>Central South University, China</i>	
10:00 – 10:20	Break	
10:20 – 10:50	Overview of CDMC 2023 Competition <i>Prof. Paul Pang</i>	
10:50 – 11:05	PAG: Protecting Artists' Works from Personalizing Image Generative Models <i>Zhaorui Tan, Siyuan Wang, Xi Yang and Kaizhu Huang</i>	
11:05 – 11:20	Image Blending Algorithm with Automatic Mask Generation <i>Haochen Xue, Mingyu Jin, Chong Zhang, Yuxuan Huang, Qian Weng and Xiaobo Jin</i>	
11:20 – 11:35	Progressive Supervision for Tampering Localization in Document Images <i>Huiru Shao, Kaizhu Huang, Wei Wang, Xiaowei Huang and Qiufeng Wang</i>	
11:35 – 11:50	Privacy-preserving Image Classification and Retrieval Scheme over Encrypted Images <i>Yingzhu Wang, Xiehua Li and Wanting Lei</i>	
11:50 – 12:00	Closing
